

## A Chevron Broad

*Tollemache book of secrets* = Set 4 bows of one colour on *a*, *b*, and 4 of another on *c d* on both hands. Then shall *Ra* take through *Ldcb* the bow of *La* unreversed. Then hie the left bows - and set the same bow on *Ld* that was taken off *La*. Then shall *La* take through *Rdcb* the bow on *Ra*. Then hie the right bows - and set the same bow on *Rd* that was taken off *Ra*. Then shall *Rd* change his bow with *Ld*. Then shall you reverse all your bows. And begin et cetera.

### A Chevron of 6 bows

Set 2 bows of one colour on *a* on both hands, another on *b*, yet another on *c* on both hands. Then shall *Rd* take through *Lcb* the bow of *La* unreversed. Then shall *Ld* take through *Rdcb* the bow on *Ra*. Hie & reverse all your bows. And begin et cetera.

## A Chevron Round

*Tollemache book of secrets* = Set 8 bows of 2 colours as in Chevron Broad, and work in the same manner, save when you have changed *Rd* with *Rl* then shall *Ra* change with *La*. And reverse as above.
